Key Takeaway

CHANNEL CONVERSION RANGE

8.8% — 22.0%

Lead → Order across visible channels

Channel variation: Email shows 22.0% Lead → Order, while Facebook Ads shows 8.8%.

Response-time association: Lead → Order varies from 27.3% in < 4h to 14.2% in > 24h.

CPL should be interpreted together with conversion and lead quality. Response-time patterns indicate association, not causation.
